Virginia Legislators to Push Government Ownership Measure.

Another attempt toward the govern ment purchase of the lands on the Bull Ren battlefields will be made in this Congress, bills for that purpose having been introduced by Senater Swanson and Representative Carlin of Virginia. The measure authorizes the purchase of the land at prices which will not ex-ceed the amounts named in a report on the project already made by a special ission of army officers appointed

by the War Department.

Moreover, the bill provides that the two original monuments erected by United States troops and dedicated June 11, 1865, shall be repaired and protected; that government protection shall be given to other markers and monuments on the field; and that prop-er fencing and other improvements, in-cluding convenient roads, shall be pro-vided.
